

Art Productions thanks very much indeed to the brides who voluntarily allowed us to share their experience, satisfaction and e-mails as referrals.

RACHEL

“Thank you for making my vision come true. As I am sure you hear this from all brides, but it is SO sad it is over, but so refreshing to say that Mike and I, my parents and our guest were absolutely blown away by the night. Everything was exactly as I imagined. Seriously, everything was perfect and beautiful. Thank you to you, your assistants... [send a special thanks to the DJ for playing awesome songs from my playlist and NOT playing HOT, HOT, HOT or YMCA. :\) The fantastic white dance floor was packed all night.](#)

Mike and I will have pictures, videos and stories from the night on our website [www.michaelandrachel.com](http://www.michaelandrachel.com) if you need to pass them along to perspective brides to be. Thank you again for EVERYTHING. Can't wait to get the professional pics. ”

“...[I would be more than happy to have my email address put on Arturo's website. He was awesome!](#) However, can you put [tamika.curry@yahoo.com](mailto:tamika.curry@yahoo.com) as the email address (instead of this hotmail account). I don't check this hotmail account as much. You can do the same for your future wedding referrals.”

Take care, Tamika [tamika.curry@yahoo.com](mailto:tamika.curry@yahoo.com)

## KYM

“Thank you both (and your team) so much for making our wedding so wonderful. Fatima, you did a fantastic job and the event went off flawless. Honestly, if anything went wrong no one noticed and I have gotten so much feedback from the wedding. I wanted to pass them on to you. I would honestly say that most of the guests are saying how it was one of the best weddings they have been too. Here is what they said in detail...

3. Music- I find this very interesting, but I can't tell you how many Americans asked us about the music being played at the wedding...they said it was some of the best mixture of music they have heard at a wedding. I will have to fully pass that credit to Arturo. I gave him the "must plays" but he did a fantastic job of keeping guests on the dance floor and not having songs that ruined the mood. The lighting on the dance floor added so much to the ambiance also!...”
